

Authority to dispense a repeat supply

Issued under the practice repeat-prescribing policy · Reference MMR-AD-2026-0219

Authority is given to any registered pharmacy to dispense the preparations set out below to the named patient, on the terms stated, until the expiry date shown. **This authority replaces all earlier authorities for the same preparations.**

PATIENT

Dana Whitfield

RECORD NUMBER

MRN 0000-3318

AUTHORITY EXPIRES

19 December 2026

PREPARATIONS AUTHORISED

Levothyroxine 75 microgram tablets

One tablet daily, taken in the morning before food, at least thirty minutes before any other preparation.

SIX SUPPLIES OF 28 · NOT TO BE DISPENSED EARLY

Amlodipine 5mg tablets

One tablet daily. The patient has been advised that ankle swelling is a known effect and is not a reason to stop without advice.

SIX SUPPLIES OF 28 · GENERIC ACCEPTABLE

Colecalciferol 800 unit capsules

One capsule daily, taken with the largest meal of the day.

SIX SUPPLIES OF 28 · GENERIC ACCEPTABLE

CONDITIONS OF THIS AUTHORITY

REVIEW

A blood test is due before the fourth supply.
The authority lapses if it is not done.

INTERVAL

No supply earlier than seven days before the
previous one runs out.

CHANGES

Any change of strength or preparation voids
this authority in full.

We certify that the patient named above is registered with this practice, that the preparations listed are established and unchanged, and that a review date has been set and recorded in the patient's notes.

Dr Elena Marsh, prescriber

Riley Thompson, practice manager
